Therefore, further action by the applicant is required to avoid abandonment of this application. PERIOD FOR REPLY [check either a) or b)] The period for reply expires on: (1) the mailing date of this Advisory Action, or (2) the date set forth in the final rejection, whichever is later. ## ੂ਼ੂ-Continuation Sheet (PTOL-303)

Continuation of 2. NOTE: The amendment to claim 12, changing the language from "comprising" to "consisting essentially of" does not place the application in condition for allowance. The burden is shifted to Applicant to show that additional steps in the method disclosed by the prior art would be detrimental to the method claimed by Applicant.

Continuation of 5. does NOT place the application in condition for allowance because: Zhang et al. is silent with respect to the biodegradability of the gel. The burden is shifted to Applicant to show that the presence of metal in the gel disclosed by the prior art would render the gel not biodegradable.

In response to Applicant's argument, that Pinchuk et al. does not disclose a xerogel, the examiner relies on Zhang et al. for the teachings that silane xerogels may comprise active agents.
